

Low voltage equipment standards testing.

EN 62368-1 Audio/ video, information and communication technology equipment - Part 1: Safety requirements

EN 60335-1 Household and similar electrical appliances - Safety - Part 1: General requirements

EN 60335-2 Household and similar electrical appliances - Safety – Part 2: Particular requirements (use with standard LVS EN 60335-1 “Household and similar electrical appliances - Safety - Part 1: General requirements” requirements)

EN 60598-1 Luminaires – Part1: General requirements and tests

EN 60598-2 Luminaires - Part 2: Particular requirements. (use with standard LVS EN 60598-1 “Luminaires - Part 1: General requirements and tests” requirements)

EN IEC 61439-1 Low-voltage switchgear and controlgear assemblies - Part 1: General rules

EN 61010-2 Safety requirements for electrical equipment for measurement, control and laboratory use - Part 2: Particular requirements (Use with standard LVS EN 61010-1 “Safety requirements for electrical equipment for measurement, control and laboratory use - Part 1: General requirements” requirements)

EN 60204-1 Safety of machinery – Electrical equipment of machines - Part 1: General requirements
